Educational Exhibit—Summer School 1899

The Director of the Summer School, co-operating with the Armstrong Institute, wishes to make an educational exhibit a marked feature of the Summer School of 1899. He therefore requests all teachers of public and private schools in the Hawaiian Islands to contribute to such exhibit in accordance with the following plan:

1. Though every article exhibited will be plainly marked with name of the school or individual exhibiting it, and in case of work of pupils the name, age and grade of the pupil producing it, no school or individual shall make a separate exhibit.

2. All work of pupils exhibited shall be work prepared in the regular progress of the school and not especially for exhibition; and every teacher offering work of pupils in that very act pledges his honor that it has been thus prepared.

3. It being the purpose of this exhibition to show the schools, not as they ought to be, nor even at their best, but as they are, selected and corrected work will not be in place. The work of whole classes is wanted.

4. All exhibits shall be combined in accordance with the following classification:

Class 1. Kindergarten and Infant Education. This class shall include all exhibits pertaining to kindergarten work and similar work done in the first grade, further classified as follows:

- Organization, history, statistics, etc.
- Plans, models, apparatus and fittings.
- School furniture.
- Curriculums, time tables, etc.
- Results obtained, pupils' work.

Class 2. Elementary Education. This class shall include all exhibits pertaining to the work of the first eight grades, further classified as follows:

- Organization, history, statistics, etc.
- Plans, models, apparatus and fittings.
- School-house furniture, models and appliances for teaching.
- Curriculums, time-tables, etc.
- Results obtained—compositions, letters, written work, examination papers, maps, models, drawings, paintings, plans of grounds improved and gardens cultivated, articles made, photographs of articles made, etc.

Class 3. Secondary Education. This class shall include all exhibits pertaining to work between the ninth and twelfth grades, inclusive, further classified as follows:

- Organization, history, statistics, etc.
- Plans, models, home-made apparatus, etc.
- School-house furniture, models and appliances for teaching.
- Curriculums, time-tables, etc.
- Results obtained—as in Class 2.

Any and every thing that will indicate the progress, present condition, methods, or results of education in the Hawaiian Islands, will find its place in this classification, and is wanted. Anyone able to contribute to the exhibition in any class or sub-class is invited to do so.

Dr. Philip Rice, Hilo, Hawaii, will take charge of any of these exhibits loaned to the Hilo Chamber of Commerce for their fair to be held the last week in June, and will forward them to Honolulu in time for the general exhibition in connection with the Summer School. Teachers on the Island of Hawaii are requested to write him and co-operate with him.

All exhibits should be brought or sent to Mr. T. H. Gibson, Honolulu.

EDGAR WOOD,
President of Armstrong Institute.
HENRY S. TOWNSEND,
Director Summer School.

For That Tired Feeling.

That steals over you as the days work is over, there's nothing else so good as a refreshing glass of RAINIER BEER. It is the tonic you need, beats all the medicine you can take, brings on a sound refreshing and healthy sleep and makes one feel like a new person. On tap or in bottles at the Criterion Saloon. Phone 783.
